A student artist at work.

- Develop sense of color and learn about color theory
- Tap into creativity with a variety of projects
- Meet for half hour free consultation to see if “good fit” Bring some examples of your art.
- Learning art skills helps with all other learning skills
- Everyone can learn. No special talent needed!
- Art can build patience and concentration, also self esteem

Blue Shield of California’s Marketing Group shows off their healthy living themed art.

Team-Building Creative Events

- Art events can provide unique opportunities to overcome fears, boost confidence and decision making skills, and tap into problem-solving thinking.
- Whether a group is working on individual paintings with a common theme or creating one big painting, the process challenges the team to a common goal around a non-work activity -- something new and refreshing, and a lot of fun.
- Groups \$225/ hr. (2 hour minimum, off-site only)

Sharon and David with their paintings. My demo painting is on the easel.

Step-by-Step Learning

- Follow along with a demonstration painting
- Each step explained as you go
- Numbered colors for easy mixing
- Gain confidence for future projects
- Get comfortable with materials
- Complete a painting your first time
